Flying Event Report

Reference: **FP-20260316-9314** | Generated: 16 March 2026 14:46 UTC

Order Summary

Order ID:	#16	**Status:**	Accepted
Customer:	John Adams	**Contact:**	ja@example.com / 01234567889
		Job Type:	Survey
Scheduled:	28 Mar 2026	**Location:**	RG4 8BH, Reading, England, United Kingdom

Flight Plan

Reference:	FP-20260316-9314	**Altitude:**	Medium
Camera Angle:	Pilot Decides	**Resolution:**	4k
Description:	Greenfield Developments is planning a 120-unit residential development on a 4.2-hectare brownfield site in Caversham, Reading. They require a full topographic drone survey and orthomosaic mapping of the site to support their planning application and feed into their architect's design model. The site is currently disused (former industrial yard) with some remaining hardstanding, vegetation, and two derelict single-storey structures.		
Special Reqs:	Client requests advance notice letter to adjacent residential properties (operator or client — TBC)
